Настройка параметров для подключения к системе торгов

Use the default connection profile: Moscow Exchange Production server (Internet). Please make sure that the **Connect to:** field of the "Login" dialog contains **MOEX Internet** profile name.

In case the default profile is different from MOEX Internet:

1. Click the **Show options** button in the "Login" dialog window
2. Select the **MOEX Internet** profile name from the drop-down list.

If you don't see the required profile, or if you can't connect, [create a new connection profile](#) with the parameters specified below.

Create the connection profile

To create the connection profile:

1. Click the **Show options** button in the "Login" dialog window
2. Click the  to open the connection options dialog window.
3. Click the **Add**.
4. In the "New connection profile" window enter the **Profile name** (must not be the same as existing profile names).
5. Select the **Connection type** and fill in the following parameters:

Connection type: Bridged connection

Host list:

trade.moex.com

(or 85.118.180.42, 85.118.180.41, 85.118.177.42, 85.118.177.41)

Port:

15010

Server ID:

AGRO_CATS

6. Please make sure that **Secure connection** option is active.

connection via Internet.

The image shows a 'New Connection Profile' dialog box. The 'Profile name' field contains 'MOEX (Internet)'. Under 'Connection type', 'Bridged connection' is selected. The 'Trading System' section has a 'Host list' field with 'trade.moex.com:15010' and a 'Server ID' field with 'AGRO_CATS'. There are several checkboxes: 'Request connection confirmation' (unchecked), 'Authorize connection, "Validata" profile:' (unchecked), 'Use LDAP certificate stores' (unchecked), 'Do not update CRL automatically' (unchecked), and 'Secure connection' (checked). 'OK' and 'Cancel' buttons are at the bottom.

Update

Program checks for updates automatically every time it connects to the Trading System. For stability purposes and in order to have access to all the market features, it is highly recommended to install all the suggested updates.

Remove the program

and look for the app or program in the list shown

1. Select **Options** in the **Start** and open the **Control Panel**.
2. Select **Programs > Programs and Features**.
3. Look for the **MOEX Trade Agro Auction** in the list of installed programs. Press and hold (or right-click) on the program and select **Uninstall** or **Uninstall/Change**. Then follow the directions on the screen.
