

## Linux terminal installation guide

1. Download the archive from the MOEX FTP server:  
[https://ftp.moex.com/pub/Terminals/ASTS/Currency/Test/mxFMX\\_MoexTradeCurrency\\_v6.tar.xz](https://ftp.moex.com/pub/Terminals/ASTS/Currency/Test/mxFMX_MoexTradeCurrency_v6.tar.xz).
2. Extract it into a directory within the user's home directory (recommended).
3. Run the executable file **mxFMX\_MoexTradeCurrency**.

Application data:

- Settings: /home/<Username>/MICEX/mxFMX\_MoexTradeCurrency/.
- Cached tables and logs:  
/home/<Username>/.cache/MICEX/mxFMX\_MoexTradeCurrency/.

Uninstallation: Manually delete the terminal directory along with the settings and log directories.

**Important!** This version is intended for testing purposes only.
